Luke's Editorial

Ever felt angry that your plumbing supplier is not giving you the support you deserve?

Are your suppliers selling plumbing gear to your customers?
Or even worse, giving the general public advice on how to do illegal plumbing work?

Be a Braveheart and become part of the Trade Only army. Changing the industry to Trade Only is possible and it depends on you the plumber. If you are already part of the Trade Only cause tell your plumbing mates to get on board.

The time is now!

Call us on 03 9720 8274 and find out about the Trade Only advantage.

Luke Bolton

WE'RE HIRING!

Interested in joining our team and creating real change in the plumbing industry?

Plumbers Choice is always on the look out for great people to join our business. No more working Saturdays.

**Andrew from AMT Plumbing
in Bayswater said:**

I recently tried the Quickie Kit on an install. I reckon it saved me at least 30-45 minutes. The insulation and cable ties included in the kit made for a nice neat finish. Everything I needed was there.

HAVE YOUR SAY!

Plumbers Choice

20 April at 16:01

Do you think reality TV shows like The Block and House Rules are hurting Aussie tradies?

Unlike • Reply • 176

52 Comments

Elizabeth Cairns Plumbers Choice absolutely. They see a bathroom reno done in two days and think it's realistic. In the last few years we have people saying "it'll only take you a few mins, or a couple of hours" etc. and dictating costs and conditions. It's also always the trades that get blamed when costs blow out. On The Block, whenever costs are getting out of hand for any team, Scott Cam's go to line, is "your trades are too expensive, or you're paying your trades too much" They pay big \$\$\$ for the aesthetics and don't want to pay for quality workmanship.

Like • Reply • Message • 12w

Shaun Pratt Definately , I feel sorry for the people who buy houses that have bogus renos by non qualified people who are just trying to get more money for their properties then it all goes to shit and the poor new owner cops the repairs bills.

Like • Reply • Message • 12w • Edited

Jake Laidlaw Had heaps of call outs to bathroom renos that people have started but we're in over their heads. When i gave them the quote and time frame was told to bugger off to and i quote 'it didn't take that long on the Block'.

Like • Reply • Message • 12w

Elmar Schieren It gives a lot of people unrealistic ideas on timeframes, the actual work involved and some downright screwed up ideas, on what they somehow expect to be able to achieve in their own home...

Like • Reply • Message • 12w

Ben Sigle Plumbers Choice it does encourage DIY, got called out to a job the other week when a family tried to do a DIY ensuite reno and completely fucked it up, gave us plenty of work tho

Like • Reply • Message • 12w

STYROSCREW

A screw type fastening for polystyrene walls

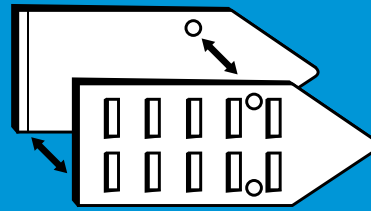

Step 1 Items required - Styroscrew anchors, suitable 8g screw, Phillips driver bit, cordless drill.

Step 2 Using a Phillips driver bit, screw the Styroscrew into the polystyrene wall until the flange is flush.

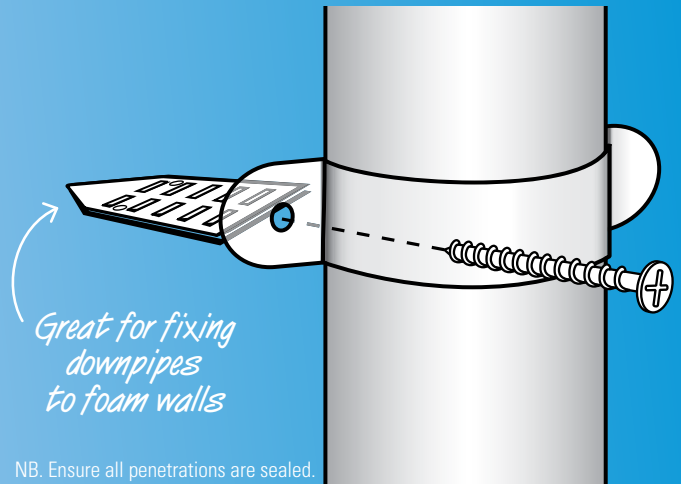

Step 3 Place the clip or bracket over the Styroscrew anchor and secure with the metal screw you have selected.

STYROWEDGE

A wedge type fastening for polystyrene walls

NB. Ensure all penetrations are sealed.

Step 1 Using a sharp blade, cut a 30mm slot, 50mm deep into the wall.

Step 2 Take 2 Styrowedge halves and join the smooth sides together.

Step 3 Insert the Styrowedge into the slot in the wall.

Step 4 Ensure the Styrowedge is flush with the finish of the wall.

Step 5 Place the downpipe and clip in position on the wall. Insert an 8-12 gauge screw into the Styrowedge and tighten into place.

Step 6 Complete for remaining fastenings.
