## Trade Only

### SAME DAY SYDNEY

Industry change just got a whole lot closer!

Thanks to the support of plumbers our Trade Only concept has been gaining momentum. This support has given us the confidence to set up a distribution centre in Sydney. This means we can now offer a same day service into metropolitan Sydney. This service will mean that more plumbers will be able to support Trade Only more often. The Trade Only change is good for plumbers and for the wider community.

If you would like to become part of changing an industry, there has never been a better time to give us a try.

**A LITTLE DAB WILL DO YA!**

When changing over basin tap valves, try dabbing a bit of tap lube on the underside of the spindle. It will hold the tap valve in place when putting the spindle back. Saves time and frustration.
