# Luke's Editorial

## Trade Only

"DON'T WORRY, WE CHARGED HIM RETAIL."

As a plumber, is this the worst excuse you have ever heard from your store manager for selling to the general public? What the store manager is telling you, is that by selling to DIYers, he is simultaneously undermining your livelihood and making a higher profit.

Plumbing stores can make plenty without insulting you and your trade. So next time you hear the excuse "don't worry, we charged him retail" your response should be, "So you made more money and I missed out on a job?"

At Plumbers Choice our goal is to change the way plumbing goods are sold in Australia to a Trade Only Industry. We will never sell to the general public!

LUKE BOLTON - DIRECTOR, PLUMBERS CHOICE

## PAN SCREWS WITH A PHILLIPS DRIVE ARE QUICKER AND EASIER TO USE.

One thing that many people don't realise is that the Phillips drive in the head of the pan screw is a size No 3. Using the correct size Phillips drive gives better control of the screw and reduces the chances of slipping and chattering. No 3 Phillips drivers are available in 100mm (Code 9609).
