Luke's Editorial

Are hardware and plumbing suppliers that sell to the general public the Grinches of our industry?

In our opinion, the answer is an emphatic yes!
Running a small plumbing business is hard enough without competing with your suppliers. Not only do they steal profit from you every year, these companies are undermining community safety. Plumbing and gas fitting are licensed trades for good reason, if it is not done properly people get sick and can even die.

This year we have worked tirelessly to change our industry for the better. We again thank our customers who support us in this push. Plumbers Choice and other Trade Only suppliers have again gained market share on the Grinches of the industry. We look forward to the new year, where we will again work hard to ensure your trade is respected and your Christmas stockings are full.

Merry Trade Only Christmas.

LUKE BOLTON - DIRECTOR, PLUMBERS CHOICE

HOW TO ORDER

Online - 24 hours

www.plumberschoice.com.au

Email - 24 hours

sales@plumberschoice.com.au

Fax - Please note Plumbers Choice is **no longer** accepting fax orders - Call or head to plumberschoice.com.au to order.

Phone - Business Hours

(03) 9720 8274

Our knowledgeable staff will take your order.

At our Trade Outlets

Monday - Friday

489 Mountain Highway, Bayswater, VIC 3153

4/200 Woodpark Road, Smithfield, NSW 2164

Jacko's Review

plumtool™ NIPPLE CUTTER & CATCHER

SPECIAL

**ONLY
\$82.50**
INC. GST

Code: 9231

SAVE \$20⁰⁶

- For cutting brass thread
- Fast way to cut down 1/2 inch lugged elbows

R So much quicker than a hacksaw and the result is a much cleaner finish. Ronnie from AGF Plumbing & Gas

D Makes life easy, so quick and clean and the clear catcher is a big improvement. Dave from Plumb it like its Hot

STEP 1

Fit the nipple cutter into the clear catcher so that the flat cutting blade is facing the nipple.

STEP 2

Cut the nipple to length using the flat blade.

STEP 3

If required, reverse the tool in the drill. Using the angled blade, cut a chamfer on the nipple.

Valid until 31st December 2020

THERMOCOUPLE TESTING AND TOOL KIT

plumtool

This kit includes spanners to suit any thermocouple and also includes a testing device to determine if the existing thermocouple is still working.

Testing and replacement made easy

\$219²⁵ INC. GST
Code: 5301

SPECIAL

Code: 8005

10 FREE THERMOCOUPLES WITH EVERY PURCHASE

1
Unscrew the existing thermocouple from the control unit of the appliance.

2
Fit the end of the thermocouple into the tester. (If you need to use the universal bush provided, you may need to gently flatten a section of the thermocouple tube to slip the bush on)

3
Light the pilot using the normal method for the appliance.

4
Whilst continuing to hold down the button on the appliance for 20 seconds, depress the spring on the testing device at the same time.

5
Release pressure on the thermocouple testing device spring only.

If the spring on the testing device remains closed then the thermocouple is working and power is being supplied to the electro-magnet in the testing device. If the spring releases while the pilot light is on, then the thermocouple is faulty and should be replaced.
