Luke's Editorial

Plumbers Choice first opened its doors in 1996. Back then many plumbers didn't understand the Trade Only concepts they couldn't see the benefit to both themselves and the industry as a whole, that supporting Trade Only not only protected the community but also their own livelihoods.

Back in the '90's when we started the Trade Only message, Magic Eye books were new and exciting. If you focused on the image enough you would see the hidden image emerge. Our front cover of this Edition is not only a nostalgic representation of when we started but it also represents how many of you can now clearly see the benefits of Trade Only.

We want to thank all you plumbers who support Trade Only. We were the original Trade Only Plumbing Supplier in Australia but with your support for the cause we have now seen other Merchants becoming Trade Only which is great for you, and the industry itself!
