Future little plumbers!

Thank you to each and every future little plumber who entered our cover competition. We were overwhelmed with the number of entries received, and it's great to see that the future of our industry is going to be in good hands.

So many future little plumbers understand the need for a Trade Only industry; we saw entries showing DIYers blowing themselves up, plumbers losing work to builders or handymen, plumbers fixing gas leaks caused by the public. It's extremely promising to see the future little plumbers understanding why we need a Trade Only industry and how it benefits plumbers today and future plumbers, tomorrow.

Special shoutout to our winner, 10 year old Scarlett, a future little plumber for MEK Plumbing in Victoria. Scarlett has drawn the Plumbers Choice shop, where our 25 years plus push for a Trade Only Industry continues.
