MAR - APR

Clinton's Editorial

The great Easter Egg Hunt!

Easter is a time that usually revolves around family, a well-earned break, and in many households a fiercely competitive Easter egg hunt. It's also a reminder that behind every plumbing business is more than just tools and job sites. There are families, overheads, and the constant balancing act of running a profitable trade business.

That's why Plumbers Choice has always remained proudly Trade Only. By supplying exclusively to plumbers, we help protect your margins, minimise unnecessary price competition, and ensure you're never competing with your own supplier. Simply put, we don't sell to your customers, because they're your customers.

And since Easter is all about family and every plumbing business has one behind it we've hidden eggs throughout this catalogue for the little one's to find. Count them up and enter the draw for your chance to win.

Simply email how many Trade Only eggs you think are hidden to marketing@plumberschoice.com.au and all the correct guesses will go into the draw to win a \$200 Toyworld voucher.

Thanks mate, we'll be sending you \$200 store credit

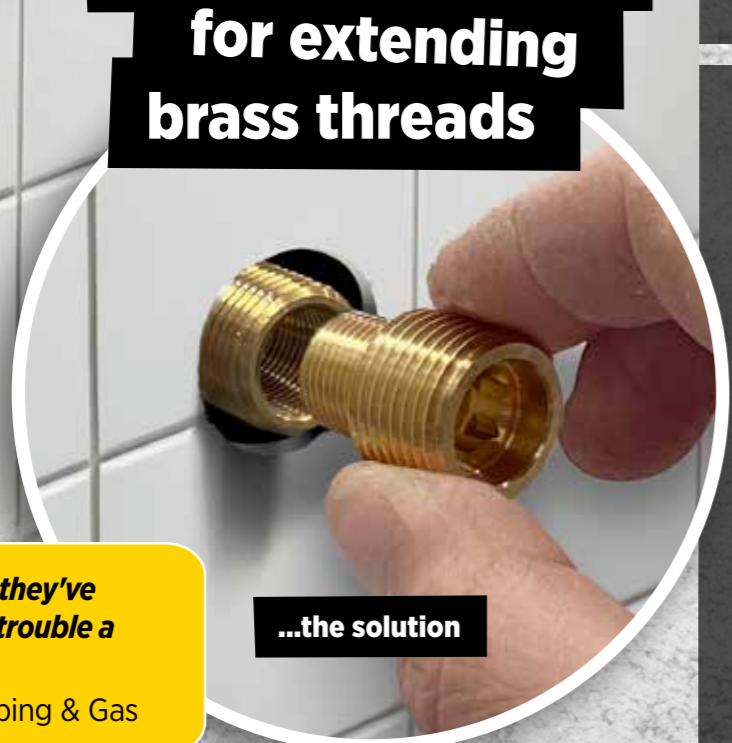

LUGGED ELBOW EXTENDERS

Lugged Elbow Extender Kit **CODE: 1786**
 • Franz tap • Brush • Allen Key • 4 Extenders

Finally a solution for extending brass threads

the problem...

...the solution

These are great, they've gotten us out of trouble a couple of times!
 Dave - Vic Plumbing & Gas

6 Pack Lugged Elbow Extenders **CODE: 1787**

- Using the provided tap, cut a thread inside the lugged elbow, taking care to make the thread straight
- Use the brush to remove all loose brass from inside the lugged elbow
- Apply Wonderjuice or similar to thread of adapter
- Tighten extender into lugged elbow with allen key

WONDER JUICE

UNLIKE OTHERS WONDER JUICE LID WON'T POPOFF

New generation product for sealing and locking brass and steel threads. Wonder Juice can be used as a replacement for teflon and hemp.

- No more leaks
- Rated up to 3000 kPa
- Sets hard, so it will never work loose
- Heat range -50C to 150C
- Environmentally friendly/non-flammable
- SGS approved for drinking water and air lines
- AGA approved for use on NG, LPG, TG & LLPG

Code: 9234 **\$17.86 per tube**

downpipe fixing can be tricky, but we have the answers

Hebel Anchor

Spiral-shaped ribs cut a positive fit in hebel

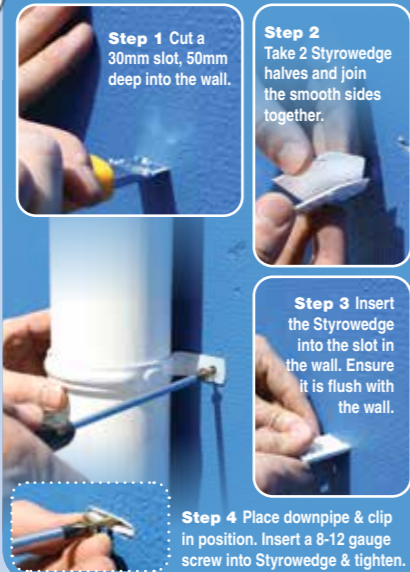

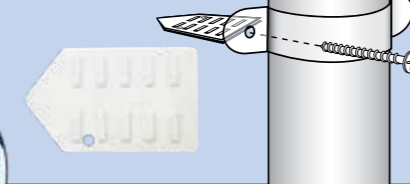

- The spiral-shaped outer ribs cut a positive fit in the soft building material
- Pre-drill with a 8mm drill bit
- Adapted for wood, self-tapping and chipboard screws of 4.0 to 5.0 diameter

8mm
\$71.50 INC. GST
CODE 1295
BAG QTY: 50

Styrowedge

Great for fixing downpipes to foam walls

Step 1 Cut a 30mm slot, 50mm deep into the wall.

Step 2 Take 2 Styrowedge halves and join the smooth sides together.

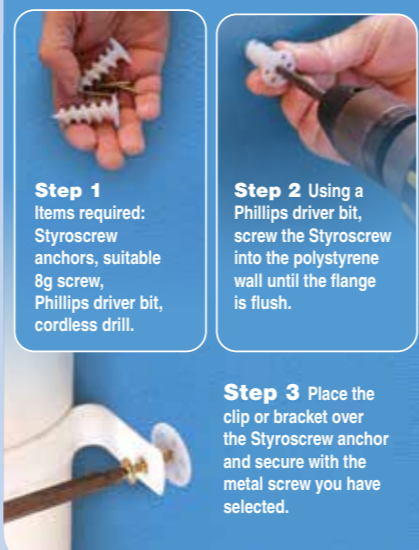

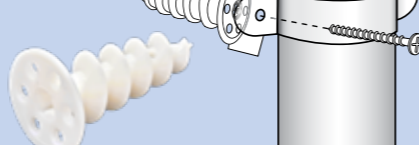

Step 3 Insert the Styrowedge into the slot in the wall. Ensure it is flush with the wall.

Step 4 Place downpipe & clip in position. Insert a 8-12 gauge screw into Styrowedge & tighten.

\$58.42 INC. GST
CODE 1222
BAG QTY: 50

Styroscrew

A screw type fastening for polystyrene walls

Step 1 Items required: Styroscrew anchors, suitable 8g screw, Phillips driver bit, cordless drill.

Step 2 Using a Phillips driver bit, screw the Styroscrew into the polystyrene wall until the flange is flush.

Step 3 Place the clip or bracket over the Styroscrew anchor and secure with the metal screw you have selected.
