Clinton's Editorial

In 1996 Plumbers Choice was founded by an ex-plumber who was sick of his supplier selling directly to his customers, costing him potential jobs or markup opportunities. Founded with the vision of becoming a Trade Only industry, Plumbers Choice became the first plumbing supplier in Australia to sell exclusively to plumbers.

30 years later, with stores in Melbourne and Sydney we are now super excited to bring our Trade Only mission to Queensland, with the grand opening of our new store in Coopers Plains. With over 24,000 plumbers now receiving this magazine this would not be possible without all of you who support us and your industry.

This means we now provide same day delivery to your door for over 50% of Australia's plumbers. A further 35% receiving next-day delivery. So if you haven't given Trade Only a chance yet, there is no better time to try out our exceptional customer service, innovative product range and extremely quick delivery.

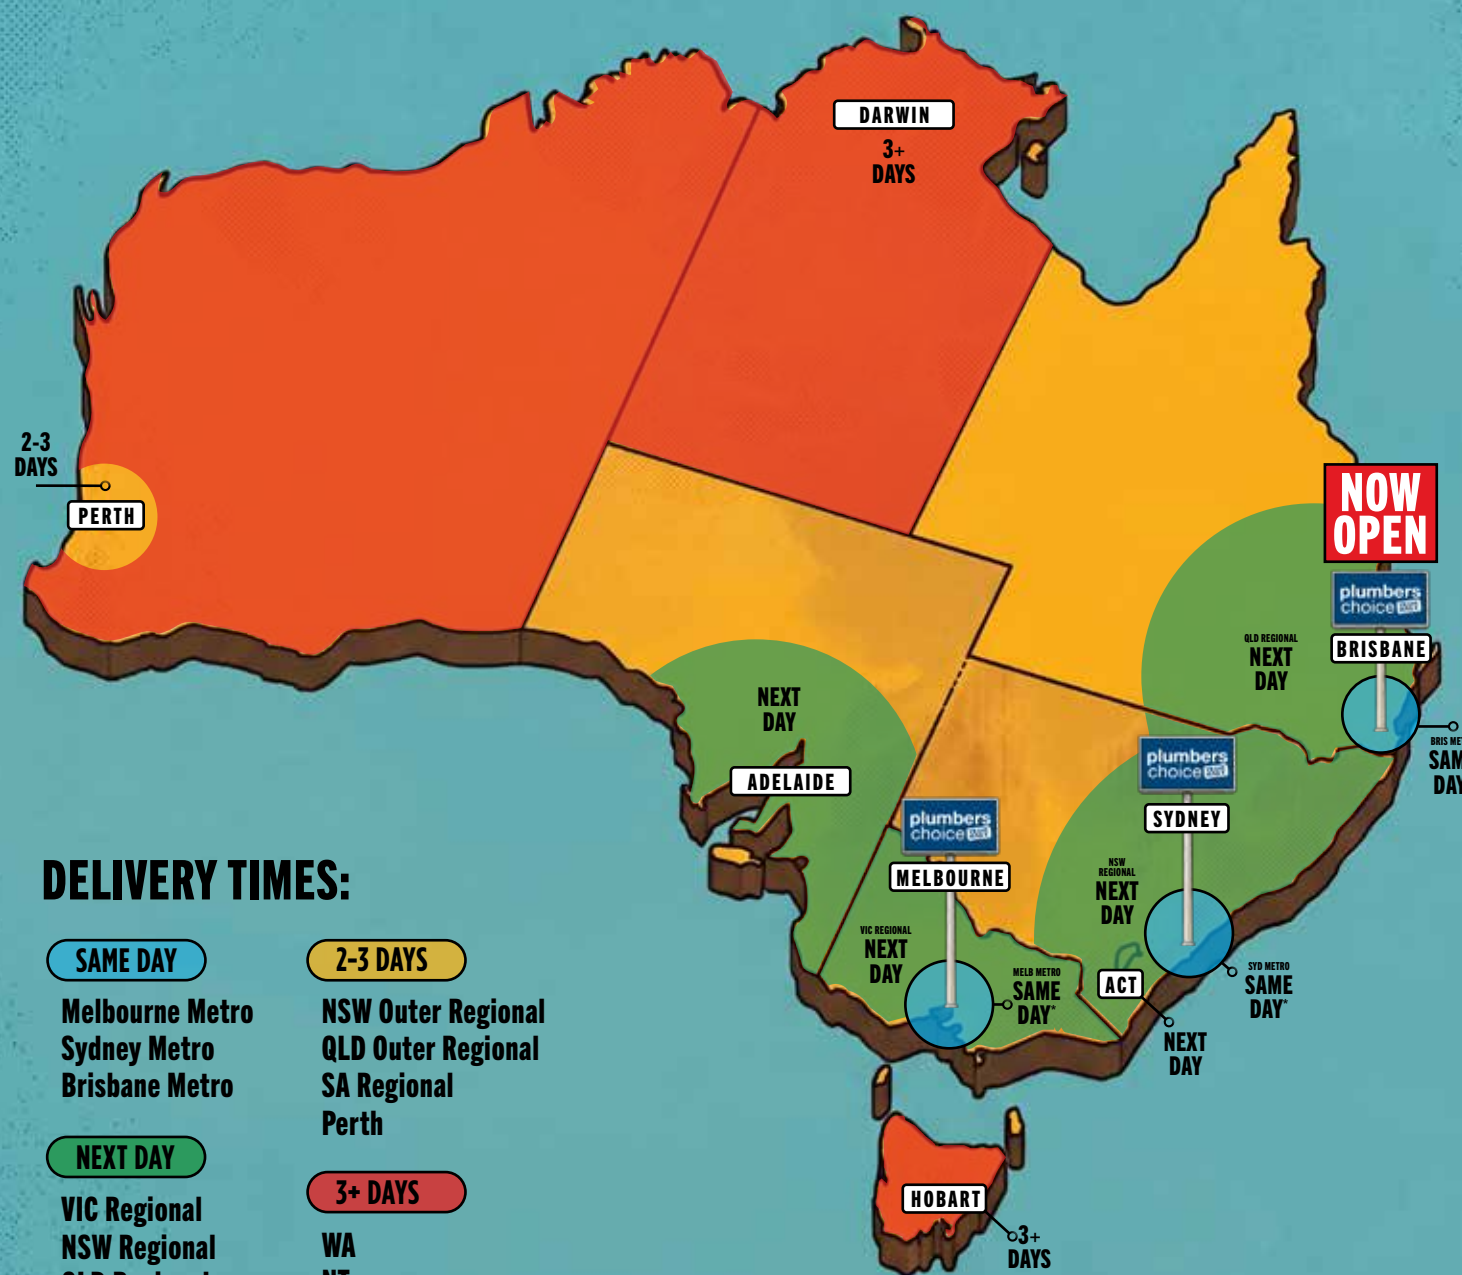

CLINTON THOMAS
GENERAL MANAGER, PLUMBERS CHOICE

MEET OUR PLUMBERS CHOICE STAFF

LUKE.S

QUEENSLAND OPERATIONS MANAGER

Q. How long have you been with Plumbers Choice & what do you like about it?

A. 8 years and I love everything about it. The people I work with and deal with everyday to the many opportunities I've been afforded throughout.

Q. What are some of the biggest changes to PC you've seen in your time here?

A. Plenty, I have been lucky to have played a part in moving up and opening our Sydney branch and now moving up to Brisbane and setting up Coopers Plains. Seeing the overall shift to Trade Only throughout the industry, with more and more plumbers getting behind Trade Only.

Q. What excites you most about launching PCB?

A. First and foremost I am looking forward to this Queensland sunshine. Also being able to service our Brisbane metropolitan plumbers same day. I really think it's something that plumbers are going to love now that we are here.

Q. What was your first job?

A. I delivered papers/catalogues when I was about 12-13 years old. And when I say I, my dad did all the grunt work of folding it up all for me! It's all digital nowadays.

Q. What's your favourite travel destination?

A. Oooo, I don't think I can give a favourite. I reckon the top 3 would be United States, Croatia and Russia. I haven't done too much exploring of QLD so I am looking forward to getting away here and there.

Q. What's something that would surprise people about you?

A. I've been extremely lucky to have had the chance to travel to 68 countries, I am self-proclaimed Karaoke king and a diehard West Coast Eagles fan.

Q. How do you fill your time outside of work?

A. Well, it's been a bit of a shift for me in the last 12 months with retiring from footy, so now I have a bit more time on my hands to hopefully get out on the golf course and improve my dreadful game. I also have my first child due in July, so things are really about to change.

Come in and see our knowledgeable staff at our Trade Outlets - Monday - Friday

Styrowedge

Great for fixing
downpipes to
foam walls

Step 1 Cut a
30mm slot, 50mm
deep into the wall.

Step 2 Take 2 Styrowedge
halves and join
the smooth sides
together.

Step 3 Insert
the Styrowedge
into the slot in
the wall. Ensure
it is flush with
the wall.

Step 4 Place downpipe & clip
in position. Insert a 8-12 gauge
screw into Styrowedge & tighten.

Styroscrew

A screw type
fastening for
polystyrene
walls

Step 1
Items required:
Styroscrew
anchors, suitable
8g screw,
Phillips driver bit,
cordless drill.

Step 2 Using a
Phillips driver bit,
screw the Styroscrew
into the polystyrene
wall until the flange
is flush.

Step 3 Place the
clip or bracket over
the Styroscrew anchor
and secure with the
metal screw you have
selected.

Can't get your fingers or
pliers in to loosen gas jets
for a natural gas to LPG
conversion. Loosen the jet
with a socket, use a piece of
rubber hose to remove the
jet, and then put the new jet
in the hose to refit and finish
by tightening with a socket.

plate if required

RAPID BORE KIT **\$254¹⁸**

CODE: 9936

INC. GST

**Rapid Bore Bits are four times faster
than hole saws, making them the
ultimate wood drilling tool!**

- Long Lasting
- Resharpenable - The bits are easily sharpened on site, so there is no need to tolerate blunt hole saws that try to burn their way through.
- The self-clearing Rapid Bores do not require you to remove the plug after drilling, saving you even more time and frustration.

KIT CONTAINS

- Rapid Bores: 25mm, 32mm, 45mm, 57mm
- Allen Key
- 2 x Spare Spirals
- File for sharpening
- Heavy duty steel carry case

Jacko's Review

We purchased the Plumtool Cylinder Lifting Strap to help with hot water installs, and it has quickly become an essential tool for our team.

We now use it on every heat pump installation. It makes what can be a difficult lift much easier and safer by allowing two people to comfortably manoeuvre the unit into position. It has made tough installs feel a lot more manageable.

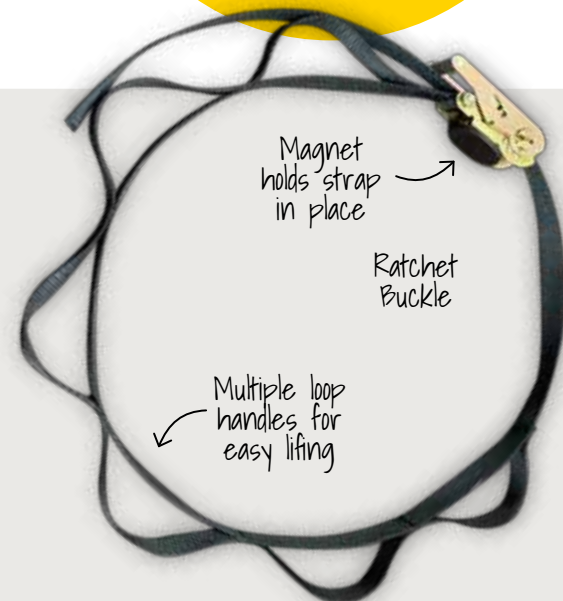

Highly recommend this product to any plumber or installer working with hot water units.
