Clinton's Editorial

Spreading Trade Only Joy

It's been a polarising year in our industry across the nation. While some states have flourished, others have seen major declines in consumer spending and new home starts, making things tough for plumbers.

As we approach a reset and turn the page to the next chapter in 2027, we want to thank all the plumbers who supported us throughout the year. We hope that we've delivered some plumbing joy to you along the way.

2026 was a big year for Plumbers Choice; we opened our third location in Brisbane and expanded our service and offerings to our Queensland customers.

Looking ahead to 2027, we're excited about what's to come. Regardless of what the market throws our way, we'll continue doing what we do best, supporting plumbers with our Trade Only mission, giving great service and providing innovative products. Thanks again for your support, enjoy a well-earned break over Christmas and here's to a bigger and better 2027!

CLINTON THOMAS
GENERAL MANAGER, PLUMBERS CHOICE

plumbers choice TRADE ONLY

MEET OUR PLUMBERS CHOICE STAFF

PAUL . M

SALES REPRESENTATIVE

Q. How long have you been with Plumbers Choice & what do you like about it?
A. 23 1/2 years - There's always been a willingness to spin the wheel and have a crack at a new idea and then learn from whatever the outcome was.

Q. What are some of the biggest changes to PC you've seen in your time here?
A. Just the growth of the business in general - I was the 3rd full time staff member when I started in 2003 and we've now got over 35 people on the books.

Q. How have you seen the industry change in that time?
A. To be honest it hasn't changed a great deal. Yes, there's some new products and our internet connection has gone from dial up to NBN, but essentially plumbing is still plumbing and our customers still like the fact that we are trade only and offer them a lot of innovations that other suppliers don't.

Q. What was your first job?
A. Brickies' Labourer.

Q. What's your favourite travel destination?
A. Madison, Wisconsin. It's my wife's home town. Love getting over there to watch college sport.

Q. What's something that would surprise people about you?
A. Not much, I'm a pretty open book.

Q. How do you fill your time outside of work?
A. I'm heavilly invovled at my local football club as a coach and on the committee and have 2 kids that keep me on my toes.

Every featured story receives $200 Store Credit

When doing poly repairs tap lube is a plumber's best friend!

It cuts out friction when tightening two connectors therefore stopping the first fitting from starting to spin as you're tightening the second fitting.

Great for prefitting in spots where tool access isn't possible and for hand tightening to finish.

Courtesy of **Glen - My Plumbing Man**

Thanks mate, we'll be sending you $200 store credit
